## Jacqueline Lichtenberg

### City of a Million Legends

SEQUEL TO MOLT BROTHER

#### Reviews

"*Molt Brother* and *City* can both be savored as suspenseful adventure, with intensely developed and involved characters and a complex galactic milieu. *City* explores in some depth the mystic underpinnings of Lichtenberg's First Lifewave, with the esoteric elements of past lives, psychic ability, and karmic ties. . . . Lichtenberg's writing is top notch . . ."

#### Fantasy Review

"Marion Zimmer Bradley and Elizabeth Lynn are mistresses of the Care Book. . . . Jacqueline Lichtenberg . . . with *Molt Brother* and *City of a Million Legends* is . . . vying for the title. . . . Lichtenberg has actually combined another science fiction archetype with her Care Book . . . the hunt for the artifact of power – in this case, the City of a Million Legends where an extinct race once held the secret to ultimate power. . . . many well known authors have tried their hand at one (Care Book) – Robert Heinlein, Isaac Asimov, John Varley, Andre Norton among others. . . ."

Can they resist its lure and save the Second Lifewave?
