## Sime~Gen: The Unity Trilogy

### Reviews

"In her obsessive attention to detail, Mrs. Lichtenberg calls to mind the Frank Herbert of "Dune" and the Walter M. Miller, Jr. of "A Canticle for Leibowitz."  
**The New York Times Book Review**

Lorrah adds her solo effort to the series with a bang-up story of one Simes' attempts to disjunct -- to eschew the killing of Gens. -- **Ambrov Keon -- Fantasy Review**

... Lichtenberg and Lorrh pull out all the stops and present Doom in magnified scale: armies clashing, pain, terror, diplomatic ructions, all the usual alarms and excursions writ large on a vast stage. -- **Zelerod's Doom -- Fantasy Review**

And if so, will Hugh Valleroy, Klyd Farris, Risa Tigue and Sergei ambrov Keon pay the price -- recognizing that both Sime and Gen are human?
