# Jean Lorrah & Winston Howlett

## Savage Empire

Telepathy, magic, sorcery, politics, ignited by the spark of love.

The Aventine Empire is crumbling under the attacks of savages armed with strange and dangerous powers. Exiled from the empire, a powerful telepath named Leonardo is captured by the savages, and finds himself in unfamiliar territory. Prepared for their brutality and mindless aggression, Leonardo learns their world differs from what he has been taught, and he comes to question all of his previously held assumptions.

### Reviews

I have read this book several times and will keep it in my library for future use. Jean Lorrah is a gifted writer. --rrcruiser, *Amazon.com*

Wonderful, hard to put down. --A Reader from San Antonio, *Amazon.com*

Lorrah's magic system is fairly elegant and the mindless prejudice against any skills is well drawn. Written in a time when just about any book with a sword would sell, SAVAGE EMPIRE stands out. --BooksForABuck.com
